

HELP IS AVAILABLE

Tyrone Hospital is committed to providing quality, affordable healthcare to members of our community regardless of their ability to pay. We realize not every member of the community has or can afford to purchase adequate health insurance. Even those individuals with insurance see their deductibles and coinsurance amounts increase year after year. With economic conditions as they are, some patients do not have the financial resources to pay their hospital bills.

Tyrone Hospital has a Free Care Program to assist individuals and families with no health insurance or insurance policies with high out-of-pocket expenses. Those who qualify may have their financial obligation to the hospital completely resolved.

To apply for the Free Care Program, you must also apply for Medical Assistance thru the state of Pennsylvania. Whether or not you are granted Medicaid, a notice of decision is a requirement of the Free Care Program.

Should you not qualify for Medicaid or Free Care, we can arrange a convenient payment plan to resolve your balance in a timely manner.

If you would like to learn more about this program or should you have any questions, please contact Patient Financial Services (Billing Office) at the hospital. The telephone number is (814) 684-1255. Please call or apply before time runs out.
